CAMPAIGN TREASURERS USING COMPUTER SOFTWARE FROM THE TEXAS ETHICS COMMISSION

In response to many requests for campaign contribution and expenditure information in an electronic form, we ask your cooperation in outputting your reports to a computer disk. The Texas Ethics Commission posts hundreds of such electronic filings to its Internet web site at <http://www.ethics.state.tx.us/>.

Please note that as a Local Filing Authority, we are not yet authorized to receive reports solely in an electronic format. Paper reports must still be submitted along with the electronic reports.

While we will accept the older version of the software, which is Version 3.2. If you wish to update to the Windows version (TECDFS), please call the Texas Ethics Commission at 800-325-8506 and they will send you an upgrade. The upgrade will not affect any pre-existing data contained on your computer.

Please note that the suggested "minimum computer configuration" for running the TECDFS Software is a Pentium 166 MZ with 64 MB's of RAM. Older computers with less RAM should use the MS DOS Version 3.2.
